

Conference and function facilities

Finding the right venue for your conference, break away, special celebration or private dinner can be a daunting task. We offer one of the "best value for money" options and we take pride in making this decision a little easier for you!

The Barn Conference Centre & Function Venue is now open for bookings. The Barn is separated from our main guesthouse and is nestled among the olive groves, ensuring privacy and comfort. The glass doors and north and south facing verandas offer breathtaking views of the surrounding mountain ranges, as well as of our farm dam. The Barn will be fully equipped for conferences. It can accommodate from 10 – 50 guests depending on the format of the function or conference set-up. This function room is also ideal for small wedding receptions or celebrations as well as private dinner parties flowing onto south and north facing verandas.

The **Manor House** function room can comfortably accommodate small groups of up to 20 delegates and forms part of the reception area of the guesthouse. The Manor House offers views of the surrounding mountains and a lovely veranda for breakfasts and tea breaks. The lounge in the manor house has a central fireplace for warmth on those cold winter days.

Additional services and offerings

- free wireless to your delegates
- organising team building or fun and relaxing activities such horse trails and hiking, private wine tasting tours and olive tastings
- an in-house beauty therapist offers treatments ranging from massages to facials
